

UP-3402 (Hard-Cover Storage Cabinet)

The UPQUARK Hard-Cover Cabinet provides secure, all-weather hazardous material protection. Its compact, low-profile design ensures compliant spill containment while allowing effortless access, perfect for space-constrained facilities requiring reliable safety.

- **Optimal Containment Capacity:** Provides 240L capacity to effectively capture all leaks, drips, and spills
- **Low-Profile Wide Design:** Lower height and wider footprint ensure superior operational stability and easy access
- **Roll-Top Shutter:** Easy-glide cover allows rapid access without removing pumps or funnels
- **All-Weather Protection:** Robust design blocks rainwater and prevents external contaminants from entering the unit
- **Durable Polyethylene Build:** UV-stabilized material resists rust, corrosion, and harsh chemical exposure for longevity
- **Integrated Forklift Pockets:** Reinforced structure ensures dynamic stability and easy transport by forklift trucks
